FUNDACIÓ MACBA - FUNDACIÓ "LA CAIXA"

For the first time, you can visit an exhibition combining works from "la Caixa" Foundation and MACBA. *Volume!* proposes an itinerary running from the sculptural to the acoustic dimension, and emphasising the consolidation of sound and voice as materials for artistic production at the turn of the present century. Included in the itinerary are specific projects such as the chronological sections of the MACBA Collection, the recently acquired works by Muntadas, Šejla Kamerić and Anri Sala, and a revision of the work of Aleksandr Sokurov, scheduled for February 2012.
